Section 4: SCORING PLAYS

Part of the job is scoring a game. Read the examples and score the plays:

Baseball

Runners are on first and third base with one out. Ground ball to third base, third basemen throws home and catcher tags out runner from third base. Catcher throws to first base where the batter is called out at first base. Score the play.

Football

New York punts the ball from its own 35-yard line. The ball is caught at the Dallas 18-yard line and is returned to the Dallas 27-yard line. How many yards did the ball travel and what is the NET average?

Golf

Tiger Woods starts the par-5 18th Hole by hitting his first shot 325 yards. The second shot goes 175 yards into a bunker. His third shot out of the bunker goes 24 yards, or 3 feet from the hole. The fourth shot goes in the hole. What is his score relative to par for that hole and what is the specific terminology for his score?

Tennis

Rafael Nadal and Roger Federer are tied 6-6 in the final set. In order for the set and match to be completed, they will play a tiebreaker. How many points will it take to decide a winner?
